Tokenotes®

Kids and adults love the convenience and excitement of amusement areas. Hamilton Tokenotes® are the perfect alternative to currency in arcades, casinos, batting cages and other amusement businesses. Tokenotes® save time and increase security because less currency is handled. Best of all, Tokenotes® are reusable.

In addition, Tokenotes® offer a variety of low-cost promotional opportunities. Schools and charitable organizations find them an ideal fund raising medium. Tokenotes® are easily distributed in coupon packs, newspapers, magazine inserts and direct mail promotions. Many businesses use Tokenotes® as a cross-merchandise promotion with other businesses. The marketing possibilities are endless.

OPTIONS

Tokenotes®

For Changers with Hamilton Validators, Tokenote® acceptance is available. Tokenotes® are used the same as paper currency, but reduce the amount of cash handling within your business.

Red Cabinet

For the amusement industry, a red cabinet is available at no additional cost for the Gold Line® VN-1, E385, E770 and V-2 Changers.

Token Face Panel

For changers dispensing tokens, a token face panel is available at no additional cost for the Gold Line® VN-1, E385, E770, 1200FL Series, HS Series and V-2 Changers.

Header & Base Kit

For 72" in-line banking.

For use with the Gold Line® VN-1, E385 and E770 Changers.

Base Kit

For in-line banking for the V-2 Changer.

Console Base

Large Console Base available for the HS Series Changers.

Color Options: Grey or Red

Medium Console Base available for the 1200FL Series Changers.

Color Options: Grey or Black

Audit Pro 2000

A convenient way to view audit data and change payout options. All coin, bill and Tokenote® payout transactions are displayed on the LCD screen, or a portable thermal printer can be purchased to print audit data.

For use with the Gold Line® VN-1, 1200FL Series, HS Series and V-2 Changers.

Separating Stacker

Holds up to 1200 bills and separates \$1 bills from \$5, \$10 and \$20 bills. Easy bill removal from front or back of stacker.

For use with the XE Validator only.

Validators

Choose from the Hamilton XE Validator with Tokenote® acceptance or the Mars®, Coinco®, CashCode® or Conlux® Validators.

These models are available for the Gold Line® VN-1 and the 1200FL Series Changers.

Coin Acceptor

A Slugbuster® or IDX® Coin Acceptor is available for the 1200FL Series and V-2 Changers.

A Coinco® Coin Acceptor is available for the HS Series Changers.

Our History of Service

Hamilton Manufacturing Corporation

began as a mechanical scale manufacturer in 1921. In the 1960's, we began manufacturing coin changers to meet the growing demand for change machines.

Beginning in the 80's Hamilton became the **first** manufacturer of paystations for automatic car washes. Today, Hamilton has built an international reputation as a leading manufacturer of currency changers & automated paystations.

Hamilton meets the diverse needs of its customers with the finest products and highest level of service. Our many long-standing customers are a tribute to our goal of building a solid reputation with products and service our customers can depend on.
