- Foot Print** ----- 17"x19" folded up.
- Power** ----- 110-220 volt, 50/60 HZ (US and international versions).
- Paper Capacity** ----- 400 sheets (20# bond).
- Feed** ----- 3 roll top feed system – no fanning needed.
- Out-Put** ----- Powered conveyor for neat stacking.

FEATURES

- Self-setting stacking rollers for standard folds. Also, adjustable for customs.
- "Split table", allows the user to remove only the top half of the fold table for maintenance. This is easier, lighter and also no power cables to connect.
- Both fold tables bottoms are also mounted in a "V" pattern so the operator can easily see and set both fold tables.
- Removable top roller for easy maintenance.
- Removable feed tires and separator.
- 14 gauge steel chassis for an extremely strong and square machine.
- Easy macro and micro paper stop adjustments.
- Half-fold setting a snap.
- Easy skew and paper separator adjustments.
- Insulated for noise reduction.
- Extended conveyor.
