Since its introduction in 1978, the TACC (Timed Access Cash Controller) from Tidel has become the standard for deterring robbery and improving cash handling processes for retail locations in over 50 countries worldwide. The Industry-leading TACC IIa continues that legacy today by providing a simple, user-friendly interface, easy-to-use cash dispensing and receipt drop operations, and high reliability all in a cost effective solution. The TACC IIa minimizes everyday accounting burdens - allowing your managers and employees to spend more time with customers and less time managing money.
